

***About the Northwest Western Swing Music Society***

The Northwest Western Swing Music Society was originally formed in November 1983 and named the Western Swing Society of Seattle. The Society was formed by Western Swing Music enthusiasts who were concerned that this form of music was in danger of “dying out,” as the older performers were, one by one, passing on and that there were no younger players to take their place. Thus was born the Seattle Chapter of the Western Swing Society, a non-profit organization whose purpose is to Preserve, Promote and Perform Western Swing Music. Monies generated by the club strictly pay for operating expenses and donations to deserving charities. A scholarship program has been established and several promising young players have been awarded tuition to music camps and for personal instruction. Each member of the Society pays yearly dues of \$20.00 per person, \$25.00 per couple. A monthly newsletter is sent to members, informing them of the state of the Society, upcoming local and national functions, etc.
